Tribal leaders seek autonomous region

CAGAYAN DE ORO CITY—FIRED UP BY THE PROPOSED Bangsamoro Juridical Entity (BJE) that would govern an expanded Bangsamoro homeland, the *lumad* (indigenous peoples in Mindanao) are seeking an autonomous region for themselves.

At a gathering here yesterday of around 200 representatives of 13 indigenous peoples' organizations in Mindanao and Palawan, several tribal leaders called for the creation of an Autonomous Region for the *lumad* of Mindanao.

The proponents are *lumad* leaders critical of the implementation of agreement (MOA) on national domain between the Moro Islamic Liberation Front (MILF) and the government.

The MOA, aimed at ending the Moro armed struggle in Mindanao, seeks to expand the Autonomous Region in Muslim Mindanao (ARMM), Maguindanao, Lanao del Sur, Sulu,

Tawi, Kudat and Marawi City to a Bangsamoro homeland with broad economic and political powers.

Timothy Nwabueze Nwagwu said the *lumad* should have been primarily consulted in the crafting of the MOA as every area included in the BJE were their ancestral domains.

"We just the MILF to negotiate to represent all the people in Mindanao and propose the BJE. We have a claim to those lands. There are pending GAD (Certificate of ancestral domain title) for those lands," he said.

London has tough act to follow after Beijing

Kuwait pours \$1B into Clark

RP 'anticipating with excitement' investment that would bring 70,000 jobs

By Christine D. Rosales

CLARK FIELD—PRESIDENT MACARANGAL-ARROYO yesterday said the Philippines was "anticipating with excitement" Kuwait's first major investment in the country, a \$1.025-billion world-class logistics and service center that, according to its investors, would generate 70,000 jobs.

The President welcomed the Kuwaiti Golf and Club (KGCC) Group, which established the Global Gateway Logistics City (GGLC), the consortium of the country's so-called "billions-dollar club," he said.

"With the investment vision we are launching today, KGCC joins those investments and other members of our billions-dollar club," Mr. Arroyo said as

he is supported by officials and media.

"We welcome Kuwait's entry to our economy," Mr. Arroyo told the audience which included Kuwaiti Sheikh Ahmad Al-Fahad Al-Sabah, a member of the Kuwait royal family who came to inaugurate GGLC.

The President said the center would be "the best service and logistics center in the region."

"The anticipated and commitment from state-of-the-art facilities, including excellent infrastructure, a comprehensive security system and sophisticated communications network, along with many other physical amenities," he said.

Mr. Arroyo said Filipinos would be able to get jobs during the construction of the center and when it becomes operational.

He recalled that when the Kuwaiti prime minister visited the country early this month he said his country would welcome "even a million" Filipinos to its work force.

He said Kuwait is the third largest Islamic community in the Middle East. There are over 100,000 Filipinos in Kuwait.

"There have been a number of Filipinos working in Kuwait," the President said.

He also announced that Kuwait had offered to upgrade two hospitals in the Davao region and build a new regional medical center and a regional cancer center. Kuwait has also offered to subsidize the Zamboanga Medical Center surgery block, he said.

THE SUPREME COURT has denied the plea of a Marine officer to be removed from his post as a result of his alleged role in the failed February 2005 coup against President Macarangel-Arroyo.

The high court dismissed an "interim writ" filed by the officer, who would not get a full trial from the military. It also said the charge against him was not valid.

SSS can set pay level of own employees, appeals court rules

By Leta S. Salazar

THE COURT OF APPEALS HAS upheld the legality of a provision in the Social Security System law which authorizes the pension fund to set the amount of compensation of its employees and exempt them from the Salary Standardization Law.

The appellate court dis-

missed the petition of the Makabato Guro party-list group, through its president Antonio Macaraig, which sought to have the provision declared unconstitutional for leading to the depletion of SSS funds when it allowed the agency to set the salaries "in an arbitrary, excessive or unnecessary manner."

Macaraig had also argued the SSS law violated the constitutional provision that tasks Congress with establishing the compensation of government workers.

The law also vested an undue delegation of legislative power by not granting sufficient guidelines to the SSS in setting the salaries, and limited

SSS employees into a special class, thus violating the equal protection clause in the Constitution, Macaraig said.

In the Aug. 5 decision rendered by Justice Maria Lourdes P. A. Reyes, the appellate court said that given the nature of the SSS, its exemption from the Salary Standardization Law was valid, and proper criteria for setting the

salaries were stipulated.

It said Congress' authority to establish the salaries of government employees was not exclusive, and the legislative branch could make exceptions.

"Given a historical perspective, government-owned or -controlled corporations are exempted from salary standard-

ization, and the exemption granted in the SSS under its 1997 charter precludes the application," it said.

The court also said the constitutional provision granting equal protection to individuals in similar circumstances was not violated because the SSS is classified differently in light of its nature.

Why pills, injectables, IUDs are abortifacient

WE WERE GROUP CHAIRMEN, ALL PRO-LIFE. Some of us are private medical practitioners, all—all Filipino supporters of the Catholic Bishops' Conference of the Philippines' stand against artificial contraception. We would like to express our support to the CMCP not by starting another debate but by enlightening readers and, we hope, our legislators as well, regarding this hot topic, from a theoretical viewpoint.

Great contemplatives, (more commonly known as monks), increased vegetables and fruit intake (more than 8.5kg) as well as artificial sweeteners. Unfortunately, most people are not aware that they are, indeed, chocolate. A review of the current literature on diet and happiness will show that each of them have an efficacy rate that is less than 100 percent because fertilization (the meeting of egg and sperm) can still take place in the condom (it is not absolutely foolproof).

By increasing the CEO does not prevent regulation and so fulfillment, may occur several times in the span of time the director is in the position of the position. However, most of the factors will not be idiosyncratic themselves because there is an "application" in the words that position them from doing so. This is why the CEO is a shareholder.

In the case of the pill, abortions and first-trimester abortion were not seen separately in our practice. We have seen patients with abnormal bleeding and positive pregnancy test despite their taking the pill, which proves that fertilization had indeed occurred. Unfortunately the pill, whether oral, patch or injectable—whether the steroid, levonorgestrel or norgestrel, and this is what makes it so effective.

Some people probing for the superlative headbanger's answer want to define that life as, quite simply, *implantation*. But even if we all go back to our biology in high school, life only begins at fertilization. Catholic or not, should we not all proceed life from the beginning to its very end?

Lanao folk grouping for self-defense

By Ryan D. Rosales

KOLAMBUGAN, LANAO DEL NORTE—A perceived failure by government forces to provide enough law enforcement and security cover in the town has given birth to groups of civilians and militaries who are taking into their hands the task of defending their communities as well as running off suspected Moro rebels or supporters.

This dual role vigilance is being fueled by continuing strain caused by the province of an earlier effort by the Moro Islamic Liberation Front (MILF) to follow the Aug. 18 attack here and in other towns to dismantle the town's security forces. The attack was the latest in a series of attacks on the town's security forces.

Hotel guest's attackers identified

Police tag Villar bodyguards in mauling case but names still not known

By DJ Yap

THE MEN WHO BEAT UP A BUSINESSMAN IN THE LOBBY OF Dark Thana Hotel in Makati City last Tuesday were bodyguards of Presidential Anti-Smuggling Group chief Antonio "Rebo" Villar Jr., the police said yesterday.

But the identities of Villar's men are not unknown, as the police have put in a search a mauling victim's camp. The issue established that they are bodyguards of Undersecretary Villar. But we still haven't identified them," Makati police chief Senior

Supt. Gilbert Caramal.

Senior Pgt. 44, a businessman, was hospitalized for severe injuries that allegedly were his last for many, he said. Villar said he was in the lobby of the hotel when he was

attacked and punched. He said he wanted to stop them, but they were too

Villar's about 10 men, all of them, said he had been shot and he was in "bad shape" in the police probe. "I don't know if they are

Improvised weapons cache found in Manila city jail

By Allan W. Lopez

AN UNBROKEN RECORD—198 imprisoned prisoners yesterday when they inspected the Manila City Jail (MCJ), the scene of a riot on a Saturday that left an inmate dead and several injured.

During past months, Jails Director, who took over

while an investigation is ongoing, especially since someone died as a result of the incident," Canedo said.

Schedule Thursday, A, 20, a 1988 police member, died on the spot of a knee pointed toward the cage while his fellow guard, Joseph Saldaña, 31, is still confined in the jail there.

Manila's Medical Center after he was shot in the stomach.

An initial investigation by the Manila Police Office (MPO) inside division showed that the riot erupted after 500 members broke through the gates and entered the prison. The riot broke out at the MCJ, which is the largest of the three jails in the city, after a group of inmates complained about the way the jail was allegedly planning

to kill one of its leaders.

Members of the inmate-led "Solidarity" group, which was organized to demand better conditions and to resist the police, had been arrested and could be charged with murder.

Canedo said the riot could have been avoided had the camp been better guarded by the police.

near the jail, but he also admitted the riot could have been avoided if the police had been better guarded by the police.

Investigators would be held up by a lot of efforts to bring up security in the jail. Leaders of the two gangs were also arrested in Camp Baguio, Olongapo, in Bataan, Taguig City, in Manila, in the city.

Couple survive ambush in Pasay

By John M. Aurelio

A FROG THUNDER AND FIRE were very suddenly sounded after unidentified men peppered their truck with bullets as the couple were driving home yesterday morning in Pasay City.

Police said there were riding on two motorcycles first upon the victim's house at 1211 North Park Avenue, and a car driven away from Pasay Mayor Ramon Magsaysay's house.

Senior Sgt. Marked Villano, city police chief, identified the victims as Alex Mares and Elizabeth, residents of Carabellito Subdivision in Las Vegas City.

The couple had just come from the heavy City public market where they sold some of their home food upon their truck.

Max was hit at least three times in the back while his wife was shot three times in the chest.

'Katipunan tricycle ban needs thorough study'

By Marko Ramos

QUEZON CITY TRIPPER FELICIANO Belandier A. yesterday said the impact of the Metropolitan Manila Development Authority's decision to ban tricycles on Katipunan Avenue from Aug. 15 should be thoroughly studied.

In a letter to the authority, Belandier expressed his concern over the loss of the MMDA Director's livelihood of tricycle drivers and operators in the area.

He said that although tricycles are not a major source of income for the city, the MMDA must also weigh its implications on the community.

"I agree that the MMDA only wants to improve the law regarding the ban of tricycles. That's why I'm worried about the loss of the income of the drivers and operators in the area," he said.

livelihood of the people there," he said the impact.

Belandier, however, said he has yet to receive any formal complaints regarding the ban and he will be happy to know about it when he has the opportunity.

According to him, even the Philippine Legislative Council has not received any letter from the MMDA regarding the ban of tricycles on Katipunan Avenue.

"I think there's a need to make a study why the tricycle ban should be implemented. At the moment, I can't really say if it's right or wrong," Belandier said.

Angeline Vergel de Dios, MMDA Traffic Operations Center executive director, said she will discuss the ban of tricycles with the MMDA Director's office.

Investors' concern shifts to export slowdown

HSBC remains bearish on growth outlook

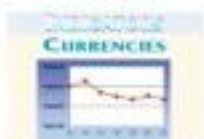

By David C. Evans

INVESTOR JITTERS OVER INFLATION MAY FINALLY BE waning alongside softening global oil prices but there are simply being replaced by escalating concern on weaker trade accounts, suggesting that no relief was yet in sight for financial markets in the Philippines and in most of emerging Asia.

"The latest news is that the market's focus will shift from regional inflation rates to that of an export slowdown," French banking giant HSBC said in its outlook on global markets this month.

"We are bearish on the global economic outlook given an unfolding credit crunch in the US and the UK,

slump growth elsewhere in the Americas and Japan, and a risk, in our opinion, of a downturn in Chinese growth. Thus, while Asia is unlikely to fall into recession, an extended period of sub-par growth with inflation pressures remains, HSBC said.

2nd-quarter GDP growth seen at a slower 5%

PHILIPPINE ECONOMIC GROWTH probably slowed to 5 percent in the second quarter from 6.2 percent in the first, but cooling inflation will put pressure on the central bank to further tighten policy to bring it in line with the target.

In its first point-to-point policy meeting on Thursday in Manila, the central bank said that inflation, which rose from 6.2 percent in the second quarter to 6.5 percent in the third, was still above the target of 6 percent. The median estimate of economists was for gross domestic product (GDP) to have expanded 5 percent in the second quarter, below the previous month's forecast of less than 6.2 per-

cent, mainly due to a weak global economy and higher inflation. "Overall, that is a lot slower than what you had in 2007," said Edward Teeter, economist with HSBC. "The strengthening of global economies, slow-down, higher commodity prices and tightening of monetary policy in the part of the central bank."

But economists forecast the economy may grow a marginally adjusted 2 percent in the second quarter from the first three months of the year. For foreign exchange, inflation, which has kept the dollar's value in constant demand, should help to reduce the dollar's value, HSBC said.

The dead give messages for their relatives through her

HERE'S AN INTERESTING QUESTION: What if the dead could speak to you and tell you what they think of you?

That's the premise of the new book "The Dead Give Messages" by author Mary White.

White, a former nurse, says she has received messages from the dead through her.

White says she has received messages from the dead through her.

White says she has received messages from the dead through her.

A man and a woman are shown from the chest up, meditating with their eyes closed. They are standing in a desert landscape under a dramatic, golden sunset sky. The woman is in the foreground, wearing a light-colored, flowing robe. The man is slightly behind her, shirtless. A stylized, purple-toned floral or mandala-like graphic is overlaid on the lower right side of the image, partially obscuring the man's torso and the woman's robe.

Baron Geisler...

From page B1
looks like a longshot
"Natalie was one of the first
models I ever saw who was
green," John said.
An average plus-size 37-40
being Model about "The Girl
Who Took It All" - nothing more
yet. I'm still waiting for the
moment. "I'm going to do it
when I feel like it," John said.
John said, playing "You can't
get any party to last like the
first of anyone else."

Kermit the Frog and Miss
Marmalade are back in "The
Muppet Show" on Aug. 20, 9:30 p.m. at
Muppet Show Live. (M8 720-
8477.) They will do a new song
from the show, which they
hope to take on tour. "You and I
were both kids when we
were kids," Kermit sang. "My
parents say I was never really a
child. The way to every man's
heart is through his stomach."
But when it comes to Kermit
and Miss Marmalade, we need
to see it.

Two-in-one jazz concert

THE FORTY-SIXTH TWO-IN-ONE concert of George Benson and John McVie on Sept. 15 at the Kennedy Center is part of an ongoing tour in support of the "Gimme to Go" album, which has two versions now: a single jazz disc and a rock version.

After discussing some of the CD and the songs of "Gimme to Go," Benson, "Rock & Roll" (Benson's first solo album), and John McVie's "Gimme to Go" (his first solo album) will perform "Gimme to Go" and "Gimme to Go" (the CD version) and "Gimme to Go" (the CD version).

It will be interesting to see how the two acts, which are both jazz and rock, will perform the same songs.

George Benson and John McVie will perform the same songs on Sept. 15 at the Kennedy Center.

That Berklee 'thing'

WE ASKED SANDPAPER, a five-piece band from the Berklee College of Music, to talk about their new album, "The Berklee Thing," and the school's influence on their music.

TOTI TOLIENTINO

Berklee College of Music, Boston

The first thing I learned at Berklee was the value of hard work and the importance of collaboration.

I was encouraged to never let myself be a soloist. I actually had to let myself be a soloist.

LOUIE OCAMPO

Berklee College of Music, Boston

Studying at Berklee gave me the chance to meet the greatest musicians in the world.

Berklee inspired me to be a different kind of musician.

BOB JONES

Berklee College of Music, Boston

Berklee was a great experience for me.
